

Word Hunting at the Newman Woodward Trail Learning How to Use a Compass

Fill in the word on each post when you reach it, then follow the directions to find the next one. Remember to orient your compass at each post to make sure you are headed in the right direction. You must reach each post in the right order to find the next one, the posts are not numbered. One pace is one step, so count your steps to make sure you have gone the right distance.

To get you started easily, post number 1 is right at the beginning of the Newman Woodward Trail
