*The Nature Discovery and  
Environmental Learning Center*

AT EARTHPLACE, WE ENVISION A  
COMMUNITY WHERE CONSCIOUS  
REGARD FOR THE NATURAL WORLD  
GUIDES INDIVIDUAL ACTION.

## Annual Report 2016

**EARTHPLACE IS NOW A BEEHIVE OF PROGRAM ACTIVITY** seven days a week with visitors enjoying the trails from dawn to dusk. Our continued top-line revenue growth from programs and individual contributors has enabled us to complete multiple projects that will benefit visitors for years to come. I am especially grateful to the Board, staff and volunteers who helped us to finish off an impressive array of projects and initiatives. Our front lobby has been redesigned and refreshed; our three entrance gardens are now home to beautiful donated native plantings; the pond education platform is finished and in daily use by students and visitors; and our two new trails, Wolf and Foxtail, add new circuit routes for our hikers.

- **Over the Finish Line.** After two years of planning, we managed to bundle a group of energy saving initiatives into a funding model that resulted in only a small out-of-pocket expense. We now have a significant solar installation, all new LED lighting, 15 wireless controlled thermostatic zones, four new fresh air handlers for the Preschool, and two state of the art heat pumps! We have many suppliers to thank, including the CT Green Bank for helping us reach 68% renewable energy use and provide an award winning showcase for area businesses and homeowners alike.
- **No Fear.** I recently visited the neighborhood where I grew up, and it was all cleaned up. Gone were the prickly bushes, overgrown fields, tangled vines, and hidden bogs that could suck your shoes off. But, the long remembered opportunities for childhood adventure were missing. In contrast, this past year Earthplace has added selected sites around our campus where kids can test themselves and play within their own self controls. We now have safe areas for tree climbing, fort building, stream crossing and the occasional mud fight. We value opportunities for fun and adventure in our shared community backyard.
- **Expanding our Reach.** Playing well and sharing with others is an important childhood lesson which translates at the community level where we look to combine resources to create richer results. We were pleased to collaborate on programs with the Sherwood Island Nature Center, Wakeman Town Farm and the Nature Conservancy. Our Earthplace Festival and Winterfest now attract thousands to our site, our K-5 afterschool program tripled in size, and the Earthplace Summer Camp set enrollment records—all exciting results from a mission perspective.

We are so very grateful to our many supporters who continue to give generously and in so many ways. Financially, we are on solid footing as we continue to balance needed improvements with sustainable growth. We invite you to come by for a visit and let your inner Nature Boy or Nature Girl spring back to life at Earthplace!

See you on the trails,

Tony McDowell  
Executive Director

# Donors

It is with our deepest thanks that Earthplace recognizes and honors each and every donor to our Annual Fund. With your support, we become partners together in our vision of building a community where conscious regard for the natural world guides individual action. All gifts listed are from July 1, 2015 through June 30, 2016. We have made every effort to be accurate and hope you will contact us if you see errors or omissions.

**STATEMENT OF FINANCIAL ACTIVITIES**

In Fiscal Year 2016, we improved our financial performance with a year-over-year revenue gain of \$155,223 and an operating surplus of \$103,846 before depreciation. Our financial position and flexibility were enhanced by a one-time gift which allowed us to complete several small capital projects and strengthen our working capital reserves; and by strong attendance growth across our programs. Our percentage of earned income kept pace with our overall revenue growth, and 78% of our expenses were allocated to program delivery—both good signs of program health. Maintenance of our nature sanctuary and much of our nature programming depend on public and private contributions and the generous support of our many volunteers.
