

EARTHPLACE LETTERBOXES

WHAT IS LETTERBOXING?

Letterboxing is an outdoor scavenger hunt. Letterbox seekers follow a list of clues to find boxes stashed along trails. Inside these boxes are a notebook, pencil, stamp pad, and a stamp. When the box is found, letterboxers stamp their discoveries in a personal journal, then use their own rubber stamp, called a signature stamp, to stamp into the letterbox's logbook. For more information or to find other letterboxes in the area, check out www.letterboxing.org.

WHAT MATERIALS DO YOU NEED

1. Compass
2. Logbook
3. Stamp or pencil if you want to leave a note

REMINDERS

- You do not need to leave the trail to find the boxes. All of the boxes are accessible from the trail.
- Don't let others see you uncovering the letterboxes (it'll ruin the fun for them!)
- Please leave all items in the box and re-hide them when you are done.

LETTERBOX CLUES

The following letterboxes can be found with or without a compass. If you want to use a compass, the following clues are designed to familiarize the seeker with the eight compass points (North, Northeast, East, Southeast, South, Southwest, West and Northwest).

LETTERBOX #1 (The Owl)

From the bear statue, go in a westerly direction past the large hollow tree trunk on the left to the beginning of the Swamp Loop Trail. Walk along the Swamp Loop Trail to the wooden bridge. Just before the bridge on your right, in a northeasterly direction, there are large rocks. Behind one of the rocks is letterbox #1 with an owl stamp.

LETTERBOX #2 (The Rabbit)

From letterbox #1, continue along Swamp Trail in a northwesterly direction and cross the wooden walkway over Raccoon Swamp. Shortly after the wooden walkway you will see a short side trail on the left. Follow the side trail in a westerly direction to the deck with two benches that face Stony Brook. Look under the deck behind the left bench for letterbox #2 with a rabbit stamp.

LETTERBOX #3 (The Fox)

From letterbox #2, go back to Swamp Loop Trail. Continue along the trail in a northerly direction to the Spur for Wolf Trail. Take a left onto the Spur in a westerly direction and bare right in a northerly direction until you meet a fallen tree trunk across the trail. Four (4) steps beyond the tree trunk on the left in a westerly direction is a flat rock. Look at the back of the rock for letterbox #3 with a fox stamp.

LETTERBOX #4 (The Wren)

From letterbox #3, continue along Wolf Trail in a northerly direction. The trail will turn right in a northeasterly direction up a hill. On the other side of the hill at the "T" junction, take a right in a southeasterly direction and join Swamp Loop Trail. Cross the wooden bridge at Frog Pond. Three (3) steps beyond the end of the bridge there is a large rock on the right (south) side of the trail. Look behind the rock for letterbox #4 with a wren stamp.

LETTERBOX #5 (The Chipmunk)

From letterbox #4, continue along Swamp Loop Trail. At the junction of High Woods Trail, turn right in a southwesterly direction staying on Swamp Loop Trail. Look for a post with a #9 engraved on it located on the left (southwest) side of the trail. From the post continue approximately twenty-two (22) steps along the trail and you will see a hollow tree trunk on the opposite side of the trail from the post. Look for letterbox #5 with a chipmunk stamp in the hollow.
